Birth Date _____ Federal ID No. or Social Security No. _____

Contractor's Representative Bill Busath

Address 1395 35th Avenue, Sacramento, CA 95822 Phone _____

Nature of Contract: *(Briefly describe the general terms of the contract)*

The California Storm Water Quality Task Force (Task Force) is an advisory committee that assists the State Water Resources Control Board (State Board) in decision making to implement regulations. The Task Force has initiated a project to revise and update the Best Management Practices Handbooks (BMP) that will include new sections and information relative to the upcoming Phase II regulations. The Flood Control District has agreed to serve as the lead agency for administration of the contract to revise the handbooks.

The cost of the revision and update of the BMP Handbooks (set of three handbooks) was originally budgeted for \$235,000. During the initial data gathering and subsequent recommendations of the consultant, the Task Force approved a set of four handbooks and the posting of the documents on a do main website. The revised budgeted cost is approximately \$330,000. In order to meet the increase in the budget, the Task Force members have agreed to contribute additional amounts. The County of Sacramento Department of Water Resources(County) is one of the member agencies. It has agreed to contribute \$10,000 for the project. This agreement, when executed by both parties, will enable the County to contribute \$10,000 for the project.

(See attached cooperative agreement provided by the County of Sacramento Department of Water Resources).
